

10kW Photovoltaic Combiner Box Price List OEM

Article Overview

The price of a 10kW PV combiner box typically ranges from \$150 to \$500, depending on features, brand, and configuration.

Price Overview

For a 10kW solar system, combiner boxes are designed to handle multiple PV strings and provide overcurrent and surge protection. Retail prices for suitable combiner boxes are generally:

- Amazon: PV combiner boxes for 8–10kW systems are available around \$150–\$250, featuring IP65 waterproof rating, DC/AC circuit breakers, and surge protection for single-phase systems (e.g., Temank 10kW distribution box) .
- Midnite Solar / Solar Store: Pre-wired combiner boxes for 10kW systems range from \$275 to \$500, depending on the number of input strings, DC breakers, and additional features like disconnect switches and monitoring .
- Alibaba / Wholesale Suppliers: Industrial or bulk options for 10kW systems can start as low as \$55–\$150 per unit, often with IP65 protection and 2–4 string inputs, suitable for commercial or DIY installations .
- ETEK Solar: Offers 1000V DC combiner boxes for medium to large-scale systems, with prices typically in the \$200–\$400 range for dual-string or triple-string configurations, including surge protection and robust enclosures .
