

# Albania Warranty Micro Module IP67

## Article Overview

Enphase Energy IP67 micro modules in Albania are covered by a limited warranty against defects in workmanship and materials, with specific claim procedures and transfer options.

### Warranty Coverage in Albania

Enphase Energy provides a limited warranty for its microinverters and related IP67-rated modules installed at the original end-user location in Albania. The warranty ensures that the products are free from defects in materials and workmanship for the applicable period, which varies by product type. Coverage includes repair or replacement at Enphase's discretion, using either new or refurbished parts .

### Key Terms

- **Activation Date:** Warranty begins from the product's activation date.
- **Claim Submission:** All warranty claims must be submitted during the warranty period and follow the RMA (Return Merchandise Authorization) procedure outlined by Enphase .
- **Transfer of Ownership:** The warranty can be transferred to a new owner if the Change of Ownership Form is completed and the applicable transfer fee is paid .
- **Return Requirements:** Defective products must be returned in original packaging or equivalent within 60 days of receiving an RMA number . For detailed terms, conditions, and the latest updates, users can visit the Enphase Albania warranty page at <https://enphase.com/sq-al/warranty/albania> ....
