

Australian Fiber Optic Fast Connector Manufacturer

Article Overview

Fibre Optic Systems (FOS) is a leading Australian manufacturer of fiber optic fast connectors and related connectivity solutions.

Key Manufacturers and Suppliers

Fibre Optic Systems (FOS), headquartered in Knoxfield, Melbourne, is a well-established manufacturer and distributor of fiber optic products in Australia. FOS specializes in rapid production of fiber optic and copper assemblies, including fast connectors, patch cords, and pre-terminated solutions. They emphasize fast turnaround, technical expertise, and tailored solutions for projects of any scale, making them a trusted local manufacturer for high-speed network deployments . Optical Solutions Australia (OSA) provides a comprehensive range of fiber infrastructure products, including high-performance cabling, enclosures, patching, and splicing solutions. While OSA primarily focuses on complete fiber infrastructure systems, they also supply connectivity components compatible with fast connector applications, supported by local warehousing and technical support . Anderson Corporation is another Australian-owned supplier offering a wide range of fiber optic products, including patch cables, pre-terminated cables, and connectivity solutions. Their RapidConnect system is designed for fast and reliable fiber connections, suitable for FTTx and enterprise networks .

Considerations for Choosing a Supplier...
