

Cable tray models accessories and specifications

Article Overview

Cable tray accessories include fittings, covers, supports, and mounting hardware designed to meet international standards and accommodate various cable management needs.

Overview of Cable Tray Accessories

Cable tray systems are modular solutions for routing and supporting electrical and data cables. Accessories are essential for installation, structural support, and cable protection, and they include:

- **Fittings:** Elbows, tees, crosses, reducers, and offsets to change direction or width of the tray.
- **Covers and Lids:** Solid or ventilated covers to protect cables from dust, debris, or mechanical damage.
- **Supports and Hangers:** Brackets, clamps, and suspension systems for mounting trays to walls, ceilings, or equipment racks.
- **Splice Plates and Connectors:** For joining straight sections or securing tray segments.
- **Cable Management Accessories:** Dividers, clamps, and grounding kits to organize and secure cables within the tray.
