

Commonly Used Distribution Box Models and Specifications in the Bahamas

Article Overview

Bahamas distribution boxes come in multiple series and configurations, offering IP-rated, flame-retardant enclosures for residential, commercial, and industrial applications.

Overview

Bahamas distribution boxes, also known as electrical distribution boards or panels, are designed to safely distribute electricity from the main supply to various circuits. They are used in residential homes, commercial buildings, and industrial facilities, and can include components such as circuit breakers, residual current devices (RCDs), fuses, surge protection devices, and bus bars to ensure safety and reliability .

Common Series and Models

- HA, HK, LGD Series: Plastic distribution boxes suitable for general-purpose applications, including surface mount, rack mount, and standard residential use .
- MB-ABC, MB-AF, MB-AS, MB-LF Series: These models vary in dimensions, number of ways (outlets), and load capacities, designed for both residential and commercial installations .
- SHPN, SHEN, SHA, HT, SHT Series: Heavy-duty, waterproof, and dust-tight enclosures with IP65-IP67 ratings, ideal for outdoor, marine, solar PV, and high-moisture environments .
- Explosion-proof models: Designed for hazardous environments, providing addition...
