

Complete List of Lebanese Distribution Box Models and Specifications

Article Overview

Lebanese distribution boxes include models from Bahra, Fybos, LAIWO, and Procom, offering configurations from 1-way to 36-way with various safety, material, and installation features.

Bahra Electric Distribution Boxes

Bahra Electric offers a wide range of Load Centers (LC) designed for indoor residential and commercial applications. Key features include modern design, optimized size, robust structure, and quick installation. Bahra boxes are compatible with MCB and MCCB breakers and comply with IEC standards. They include innovative cable management systems for easy wire routing and maintenance. Bahra models are available in multiple configurations, though specific model numbers and ways are detailed in their catalog .

Fybos Distribution Boxes

Fybos provides 4-way, 8-way, and 16-way distribution boxes, which can be customized for specific needs. These boxes feature MCB and RCCB protection, weather-resistant materials, and advanced heat dissipation technology to prevent overheating. Fybos boxes are modular, allowing for future expansion, and are designed for safe, efficient, and organized power distribution in homes and small commercial setups
