

Data Center Cable Tray Manufacturer

Article Overview

Leading manufacturers of data center cable trays include Atkore, Basor Electric, Chalfant Manufacturing, PT Trias Indra Saputra, and Legrand, offering solutions for fiber optics, power, and telecommunication cabling.

Key Manufacturers and Their Offerings

Atkore International is a global leader in cable tray systems, providing a wide range of solutions for industrial, commercial, and data center applications, including ladder, perforated, and wire mesh trays suitable for high-density cabling. Basor Electric specializes in data center cable management, offering systems designed for fiber optic, UTP, video, alarm, and power cables. Their products focus on bend radius management, physical protection, and modular design, ensuring adaptability to evolving data center technologies. Chalfant Manufacturing provides innovative cable tray systems, including self-connecting and walkable trays, emphasizing customized solutions and compliance with industry standards. PT Trias Indra Saputra and Sunil Engineering Corporation manufacture a variety of cable trays, including ladder, perforated, and FRP types, along with accessories and junction boxes, catering to both indoor and outdoor installations. Legrand (Cablofil brand), based in France, is known for wire mesh trays that are easy to install, flexible, and compliant with EN 61537 and ISO 9001 standards, making them suitable for complex data center environments.

Regional Considerations

- Europe: Manufacturers like Niedax Group (Germany) and Spina Group (Italy) focus...
