

Dongya a leading manufacturer of intelligent power distribution cabinets

Article Overview

Dongya is a prominent Chinese manufacturer specializing in intelligent power distribution cabinets and DC contactors, with over 30 years of experience in advanced electrical solutions.

Company Overview

Zhejiang Dongya Electronic Co., Ltd., established in 1984, is a well-established manufacturer of DC contactors, relays, shunts, and mini to medium power electromagnetic products. The company operates a 10,000-square-meter standard factory and maintains offices in Shenzhen, Guangzhou, and Tianjin, supporting an annual production capacity of 80 million pieces across more than 100 product models . Dongya's products serve diverse industries, including household appliances, computers, communication power systems, engineering machinery, automotive air-conditioning, and marine electronics .

Product Offerings

Dongya specializes in DC magnetic contactors, including single pole, double throw, and solenoid types, designed for high-voltage applications such as electric vehicles and battery systems. These contactors ensure reliable electrical isolation, safe power management, and long-term durability under demanding conditions . The company also manufactures intelligent power distribution cabinets, which provide real-time monitoring, fault detection, and energy optimization. These cabinets are modular, fl...
