

Ecuadorian power distribution box model

Article Overview

Ecuadorian power distribution boxes are available in various models, including waterproof IP65-rated units, multi-layer configurations, and PDU units for industrial, commercial, and data center applications.

Common Models and Features

- EKDB10 Series (ETEK Electrical)
 - Material: Durable PC engineering plastic
 - IP Rating: IP65 waterproof
 - Configurations: 4-39 ways, single, double, or triple layers
 - Applications: Industrial, commercial, photovoltaic, indoor/outdoor use
 - Standards Compliance: IEC60529, IEC62262:2021, IEC60695-2-10:2013
 - Key Benefits: Excellent mechanical strength, weather resistance, reliable electrical protection
-
- Ecuamatrix Distribution Boxes
 - Design: Precision-assembled for safe and efficient energy distribution
 - Sizes and Configurations: Multiple options to suit project requirements
 - Applications: General electrical distribution for residential, commercial, and industrial projects
-
- Power Distribution Units (PDUs) and Power Strips
 - Types: Surface mount, rack mount, and general-purpose
 - Standards: Manufactured according to Ecuadorian standards with agency approvals
 - Applications: Data centers, server rooms, industrial and standard duty applications
 - Features: Multiple outlets, high-quality construction, suitable for PDU purposes...
