

# Fiber Optic Cable Connector Installation and Removal Tools

## Overview

Top industry brands include Paladin Tools, Corning Fiber Products, Miller – Ripley Tools, AFL, FiberXP and Jonard. These brands feature fiber tools for fiber optic wire and cable preparation and termination for datacom, telecom and IT technicians & professionals. Fiber optic cable strippers are used to precisely strip the outer jacket of fiber optic cables without damaging the delicate fibers inside and for removing the cladding from the fiber optic strands to prepare for termination. Optimal performance can be achieved by following the correct process for termination of the fiber circuit—a task which requires the use of a wide range of. CommScope features a family of tools and components for the installation, repair and maintenance of fiber cables, including prep and termination kits. Easy install & removal of SC, LC, MU, MTRJ, E2000 connectors.
