

Fiber Optic Communication Limited

Overview

We specialize in the development and production of Indoor/Outdoor Fiber Cables, Fiber Patchcords, PLC Splitters/FBT Couplers, and high-end customized optical sensing components. Founded in 2008, Shenzhen OPTICO Communication Co. renowned for its commitment to innovation, quality, and customer-centric solutions. With over 2,000 products certified by the European Orange Group, OPTICO has consistently delivered superior services for FTTX and Data center projects. FIBER OPTIC COMMUNICATION CO. is a Private Limited Company and was incorporated on May 15, 2008 in Thailand. Its corporate identification number is (CIN) 0105551052337 and its current status is Active. Financials of FIBER OPTIC. Fiber-optic communication is a form of optical communication for transmitting information from one place to another by sending pulses of infrared or visible light through an optical fiber. Know about every new company document that is added! Take advantage of our watch. Check out our latest webinar on AI-Network Ops! Connect every community. Empower every citizen HFCL is a global leader in delivering innovative telecom and networking solutions, offering cutting-edge products and services for connectivity, communication, and digital transformation. Explore our. From deployment between cities and countries, to enable small and functional microelectronics, Fiberlink offers a broad range of reliable, high-performance fiber optic connectivity products that connect your systems while also helping to reduce overall network costs, maximizing flexibility and.
