

Fiber optic cable between Somalia and

Overview

The Gulf to Africa (G2A) submarine cable system connects Salalah (Oman) to Bosaso (Puntland, Somalia) and Berbera (Somaliland, Somalia). Dalkom Somalia has also made strategic investments in EIG and WACS (connecting Africa's northern and western seabords respectively) and owns capacity. Somalia is embarking on an ambitious journey to bridge its digital divide by accelerating the deployment of optical fiber infrastructure. This initiative goes beyond merely improving connectivity, aiming for transformative changes across economic, social, and technological landscapes, with the. Dalkom Somalia is the largest shareholder in EASSy, a >10Tbps submarine fibre cable interconnecting nine countries along Africa's eastern seaboard. Use the controls at the top to play the animation or step through year by year.
