

Fiber optic terminal box 48-core G652SC connector

Overview

Waterproof 48-core fiber optic terminal box for FTTH/FTTx networks. Features SC/FC/LC adapters, low 0.15dB insertion loss, and wall-mount design. The HTB8048 Fiber Optic Terminal Box is a versatile, high-capacity termination solution for FTTx applications, offering secure fiber splicing, distribution, and cable management. Built with an IP65-rated enclosure, this terminal box is designed to withstand harsh environments, making it suitable for outdoor use. GAO Tek's fiber terminal boxes are devices used in fiber optic networks to terminate and manage fiber optic cables. GAO's box includes features such as cable management, a rear splice area for cable slack and splice protection, and a front interconnect area for SC ports. Model NO. com48 Port Fiber Distribution Box provides 16, 24, 32 or 48 SC ports in a traditional two-layer design.
