

Fiji 10 Gigabit Optical Module Manufacturer

Article Overview

Topstar, FS, Coherent, and Huagong Tech are leading manufacturers of 10 Gigabit optical modules, offering SFP+ transceivers suitable for deployment in Fiji.

Leading Manufacturers

Topstar Technology specializes in a wide range of optical modules, including 10G SFP+, 40G QSFP+, and 100G QSFP28 modules. They provide OEM and ODM services, with a focus on high-quality, dust-free manufacturing and global distribution, making them a viable option for Fiji-based network deployments . FS (Fiberstore) offers 10GbE SFP+ transceivers for data centers, ISPs, and enterprise networks. Their modules are widely used internationally and can be shipped to Fiji, providing reliable 10G connectivity solutions . Coherent manufactures pluggable optical transceivers for Ethernet, SAN, and telecom applications, including 10G SFP+ modules. They support major networking equipment vendors and are suitable for enterprise and 5G access networks . Huagong Tech is a global leader in optical modules, including 10G and higher-speed transceivers. They offer advanced solutions for telecom, data center, and 5G networks, with full in-house design and manufacturing capabilities .

Regional Considerations

While there are no Fiji-based manufacturers explicitly listed, local distributors and resellers often supply 10G SFP+ modules from these global manufacturers. For example, media converters and SFP modules are available in Fiji through platforms...
