

Ghana 24-core smart building fiber optic cable manufacturer

Article Overview

Several Ghanaian companies supply and install 24-core fiber optic cables suitable for smart building applications, including Spectrum Fibre Limited, African Diamond Cable Company, and U-Ton Engineering.

Key Manufacturers and Providers

Spectrum Fibre Limited specializes in fiber optic infrastructure and offers robust backbone networks, including dark fiber solutions, which are essential for high-speed connectivity in smart buildings. African Diamond Cable Company Limited (Signal Cable) manufactures high-quality cables and wires, including fiber optic solutions, and adheres to international standards, making them a reliable choice for multi-core cable requirements. U-Ton Engineering Limited is a Ghanaian engineering consortium with experience in optical fiber networks, micro-ducts, and mini-cables. They have deployed large-scale Fiber to the Home (FTTH) projects and can provide 24-core fiber optic cables for commercial and residential smart building projects. Vobiss Solution Ltd and Datavoice & Power Solutions also offer high-speed fiber optic networks and installation services, including multi-core cables suitable for FTTx and smart building connectivity.

Considerations for Smart Building Deployment

- Cable Type: Ensure the 24-core fiber optic cable supports single-mode or multi-mode transmission depending on the building's network requirements....
