

Grenada Rainproof Distribution Box

Article Overview

The Grenada rainproof distribution box is an IP65-rated, durable, outdoor-ready electrical enclosure suitable for residential and commercial use.

Key Features

- **Waterproof and Dustproof:** Rated IP65, protecting against rain, dust, and moisture, making it suitable for outdoor installations .
- **Material:** Constructed from flame-retardant, impact-resistant plastic (ABS or PC), providing UV protection, heat resistance, and fire safety .
- **Module Capacity:** Typically supports 8 modules in compact models, with larger versions ranging from 4 to 36 modules for more complex circuits .
- **Design:** Features a transparent window for easy monitoring of breaker status, gaskets for sealing, and a modular layout for flexible wiring .
- **Installation:** Comes with a complete kit including screws, wall plugs, and cable entries; suitable for surface mounting .

Usage and Applications

- Ideal for outdoor electrical connections, such as garden lighting, terrace outlets, or caravan setups .
- Can be used in industrial or harsh environments, including solar systems, pumps, and lighting circuits .
- Requires additional neutral (N) and earth (PE) terminals if separate connections are needed, as some models do not include dedicated busbars .
