

Guoguang Distribution Box for Home Use

Article Overview

Guoguang distribution boxes are durable, plastic or galvanized sheet enclosures designed for safe and flexible home electrical installations, suitable for both indoor and semi-outdoor use.

Overview

Guoguang distribution boxes are designed to combine power distribution and protection for residential electrical systems. They are compatible with DZ47 circuit breakers and can accommodate both high-voltage and low-voltage circuits, making them versatile for modern home electrical needs . The boxes are available in plastic for semi-outdoor or outdoor use and galvanized sheet for enhanced durability and industrial reliability .

Key Features

- **Material:** Weather-resistant plastic for outdoor/semi-outdoor use or galvanized sheet for long-term durability .
- **Installation Type:** Surface-mounted, wall-mounted design for easy installation and maintenance .
- **Compatibility:** Supports electronic meters, high-voltage circuits, and low-voltage systems with flexible slots .
- **Protection:** Provides robust protection against environmental factors like rain and dust, ensuring safety for home electrical systems .
- **Design:** Compact and aesthetically suitable for residential settings, with options for semi-outdoor placement
