

# How much does a Tonga wire mesh cable tray cost

## Article Overview

The cost of a Tonga wire mesh cable tray typically ranges from \$2 to \$25 per meter, depending on material, size, and finish.

### Price Range and Factors

Wire mesh cable trays, including Tonga brand, are among the most affordable cable management solutions due to their lightweight, ventilated design, and ease of installation. The average price per meter ranges from \$2 to \$25, with the lower end representing pre-galvanized steel suitable for dry indoor environments, and the higher end including stainless steel or specialized coatings for corrosive or outdoor conditions. Key factors affecting cost include:

- **Material:** Pre-galvanized steel is cheapest, hot-dip galvanized (HDG) is more durable outdoors, aluminum is lightweight but pricier, and stainless steel is the most expensive for high-hygiene or corrosive environments.
- **Tray Size and Dimensions:** Larger trays or those with higher load capacity cost more. Common sizes include 50×100 mm and 150×200 mm.
- **Surface Finish:** Coatings like HDG or powder coating increase durability and price.
- **Accessories and Customization:** Bends, tees, risers, dividers, and covers can add to the overall cost.
- **Bulk Orders:** Purchasing in larger quantities can reduce the per-meter cost significantly ....
