

How to cut a horizontal bend in a cable tray

Overview

Cut wires with B-Line Angular Bolt Cutter, bend to create a bend, tee, or reducer. The Offset Blade Cutter produces a clean cut. The bends, tees, crosses, risers and reducers of wire mesh cable tray can be easily and quickly made live at the project by using a bolt cutter. Includes a full demonstration on how bend steel cable tray using a crimping to. more. When it comes to custom cable installations, the best way to cut and modify wire mesh baskets is to use the right tools and techniques to ensure a clean, secure finish without compromising the integrity of your cable support system. Proper preparation and execution are key, after all, nobody wants. Completely adaptable, B-Line Flextray is designed to accommodate jobsite changes. See how easy it is to cut the threads away and bend the tray.
