

How to test with Huijue eye chart

Overview

For the best accuracy (and to prevent memorization), have someone assist you when testing your vision with this eye chart. If you use eyeglasses or contact lenses for driving or other distance vision tasks, wear them during the test. Place the chart on a wall or easel 10. The Jaeger eye chart (or Jaeger card) is used to test and document near visual acuity at a normal reading distance. If you. This is done using a printable eye chart. Visual screening tests involve reading letters, numbers, or symbols of different sizes on a chart-like structure placed at a distance (usually 20 feet away). Evidence for smartphone apps for Snellen visual acuity is limited, and currently no app has been found to be accurate to within at.
