

Huijue Fiber Optic Socket with Network Cable Panel

Article Overview

The Huijue Fiber Optic Socket with Network Cable Panel is a high-quality, customizable solution for fiber-to-device and network interconnects, designed for both indoor and outdoor telecom and data center applications.

Product Overview

The Huijue Fiber Optic Socket with Network Cable Panel is part of Huijue Network's extensive range of fiber optic components and network cabinets. It is designed to provide reliable fiber optic connectivity and efficient cable management for LAN, Ethernet, and FTTX networks. The panel typically integrates fiber optic sockets (SC/UPC/APC) with network cable ports, allowing seamless connection between optical fibers and network devices .

Key Features

- **High Compatibility:** Supports single-mode and multi-mode fibers (G.652, G.657a2, OM1-OM4) and standard network cables, making it suitable for various telecom and data center setups .
- **Durable Construction:** Panels are often made from precision metal or high-quality plastic, ensuring dustproof, waterproof, and corrosion-resistant performance for indoor and outdoor installations .
- **Customizable Layouts:** Huijue offers OEM/ODM services, allowing customization of socket types, port numbers, and panel sizes to meet specific project requirements
