

Huijue Passive Optical Components

Article Overview

Huijue, through its subsidiary Haian Guangyi Communication Technologies, produces high-quality passive optical components such as fiber optic connectors and PLC splitters for FTTH and optical communication networks.

Overview of Huijue Group

Huijue Group, established in 2002 and headquartered in Shanghai, China, is a diversified technology company with multiple subsidiaries and global branches. Its operations span telecommunications, smart energy, data centers, and smart city solutions. Within the optical communications sector, Huijue focuses on research, development, and mass production of passive optical components through subsidiaries like Haian Guangyi Communication Technologies and Haian Huijue Network Communication Equipment Co., Ltd. These subsidiaries provide a full range of optical solutions for both domestic and international markets .

Passive Optical Components

Huijue's passive optical components include:

- **Fiber Optic Connectors:** Designed for high reliability and low insertion loss, suitable for FTTH (Fiber to the Home) networks and other optical communication systems .
- **PLC Splitters:** Compact, low-loss splitters that distribute optical signals efficiently across multiple endpoints, ideal for broadband network expansion .
- **Optical Fiber Attenuators:** Used to reduce optical signal power to prevent receiver distortion, manufactured with metal-ion-doped fibers for precise attenuation levels
