

Information Price of Power Cable Trays

Article Overview

Power cable trays range from approximately \$0.80 to \$76 per unit depending on material, size, and purchase volume.

Overview of Pricing

The cost of cable trays varies widely based on material, size, duty rating, and purchase type. For B2C retail purchases, such as on Amazon, prices typically range from \$15 to \$34 per tray, with smaller under-desk or home office solutions available for as low as \$0.92 per unit when purchased in bulk . For B2B or industrial applications, prices are generally lower per unit due to bulk purchasing, but can range from \$0.80 to over \$76, depending on specifications such as stainless steel, galvanized steel, or perforated designs . Heavy-duty trays designed for industrial or commercial use are priced at the higher end of this range.

Factors Affecting Price

- **Material:** Stainless steel (SS 304) and hot-dipped galvanized steel are more expensive than plastic or pre-galvanized steel .
- **Duty Rating:** Light-duty trays are cheaper, while medium and heavy-duty trays designed to support large power cables cost more .
- **Size and Length:** Widths range from 50mm to 600mm, and lengths are typically 1-meter or 3-meter sections, with longer or wider trays costing more .
- **Accessories:** Couplers, bends, tees, lids, and risers add to the overall cost of installation
