

Is fiber optic cable interruption subject to force majeure

Overview

Neither Party will be liable for any failure to perform its obligations hereunder, other than payment obligations, due to unforeseen circumstances or causes beyond the Party's reasonable control, including, without limitation, acts of God, war, riot, embargoes, acts of civil or. Neither Party will be liable for any failure to perform its obligations hereunder, other than payment obligations, due to unforeseen circumstances or causes beyond the Party's reasonable control, including, without limitation, acts of God, war, riot, embargoes, acts of civil or. Service Interruptions and Force Majeure a) You agree that Ziplly Fiber has no liability for delays in or interruption to your Services, except that if for reasons within Ziplly Fiber's reasonable control, for more than 24 hours there is a complete failure of Service. In such event, Ziplly Fiber will. Under French law force majeure is an event that is unforeseeable, unavoidable and external that makes execution impossible. 1 In order to avoid the uncertainties and delays involved in relying on the applicable law, parties to contracts often prefer to provide for a specific regime for force. Force majeure clauses are common clauses in commercial contracts and their purpose is to excuse parties from liability in the event of an unforeseeable and unavoidable occurrence. Each party acknowledges that the operation of the Internet is beyond the. Different legal systems have developed different theories in response to this need, including the doctrines of impossibility and frustration in England and the United States and force majeure in France.
