

Lithuanian Temperature Sensing Optical Cable Manufacturer

Overview

We are a thermal engineering and specialized cable manufacturer established in 1990. Our approach emphasizes close integration with customers and the delivery of. FOS Inon Optics GmbH – Precision and Innovation in Fiber Optic Technology FOS Inon Optics GmbH, based in Siegen, is a medium-sized, owner-managed company that specializes in the development and. Starry Sky Projector – Industrial Quality. By turning the cable itself into a sensor, our systems enable seamless and continuous monitoring—eliminating the need for. Fiber Optic Devices Ltd. (FOD), an employee owned company, is a complete fiber optic technology company offering a variety of products and services to the OEM and End-user markets. Founded in 1991, FOD is a recognized leader in partnerships in the design and manufacturing of Fiber Optic Components. FEBUS Optics is the world reference in DFOS, distributed fiber optic sensing systems (DAS, DTS and DSS), to reduce the environmental impact of human activity, protect people, and optimize production. FEBUS provides state-of-the-art devices and turnkey solutions based on its patented technologies. Optris has been developing and manufacturing affordable, innovative infrared measurement devices for non-contact temperature measurement, including infrared cameras, and stationary industrial infrared sensors for area and point measurement, for more than 20 years.
