

Malaysia Server Rack Outdoor Type

Article Overview

Outdoor server racks in Malaysia are available from multiple suppliers, offering weatherproof, secure, and high-performance enclosures for IT and networking equipment.

Key Suppliers and Options

GV Industries Sdn Bhd in Selangor manufactures metal enclosures and equipment racks suitable for industrial and networking applications, including outdoor deployments. They provide durable cabinets designed for telecommunication, networking, and power applications, ensuring protection against environmental factors while maintaining accessibility and organization for electronic equipment . Schneider Electric Malaysia offers the NetShelter SX and other IT racks designed for flexible deployment, including outdoor and non-dedicated spaces. These racks feature integrated power distribution, environmental monitoring, and optional liquid cooling, making them suitable for high-density and AI workloads in outdoor or semi-outdoor environments . VSH Technology Sdn Bhd supplies standard server racks and equipment racks that can be adapted for outdoor use with proper enclosures. Their racks are designed to organize and secure multiple electronic modules efficiently, which is essential for outdoor networking closets or distributed IT setups . AIASIA Technology Distribution Sdn Bhd and Syntax Enclosure System provide a range of server racks, including wall-mount and floor-standing options, with solutions tailored for outdoor or exposed environments. Syntax, for example, specializes in Toten server racks and networking enclosures suitable for Malaysian climate conditions, ensuring durability and protection against heat, rain, and dust
