

Manufacturer of 800mm deep cold aisle cable trays

Article Overview

Metsec, Spina Group, ABB, and CEF are key manufacturers that can supply or customize cable trays suitable for 800mm deep cold aisle applications.

Metsec

voestalpine Metsec offers cable tray systems with widths up to 900mm, which can accommodate an 800mm deep configuration. Their trays are available in mild steel (pre-galvanised or hot-dip galvanised) and stainless steel (grade 316L), and they provide bespoke manufacturing for custom sizes. Metsec supports full design services, CAD drawings, and rapid prototyping for approval, making them suitable for data center cold aisle installations where precise dimensions are critical (Metsec) .

Spina Group (Schiavetti Tekno)

Schiavetti Tekno, part of Spina Group, manufactures a wide range of cable trays including ladder, perforated, closed, and wire-mesh types. They offer custom sizes and can adapt trays to specific requirements, ensuring compliance with European (EN) and international (UL) standards. Their systems are designed for industrial and data center environments, providing strength, corrosion resistance, and proper cable ventilation (Spina Group) .
