

Manufacturer of optical cable sheathing materials

Article Overview

Leading manufacturers of optical cable sheathing materials include Zeus, Nextrom, Fulcha, and Maillefer, offering polymer and metal solutions for fiber optic protection.

Key Manufacturers and Their Offerings

Zeus specializes in polymer-reinforced optical fiber sheathing and high-temperature coatings. They provide a wide range of polymers such as PEEK, PTFE, PFA, ETFE, PVDF, and FEP, designed to protect fibers from mechanical stress, chemical exposure, abrasion, and extreme temperatures. Zeus works with OEMs, sensor manufacturers, and cable producers to develop customized solutions for demanding environments .

Nextrom is a global supplier of production technologies for optical fibers and cables. They offer solutions for fiber drawing, coating, ribbon making, and cable sheathing, including monocoil sheathing made from aluminum, galvanized steel, or stainless steel encased in PVC or silicone rubber .

Fulcha provides fiber optic cable extrusion lines, which include loose tube, tight buffer, and cable sheathing processes. Their extrusion systems allow precise polymer coating of optical fibers, suitable for ADSS, OPGW, and standard telecom cables .

Maillefer offers state-of-the-art extrusion technology for fiber optic cable sheathing, supporting a variety of plastic materials for high-quality jacketing. Their systems ensure excellent centricity, stability, and material efficiency, and they provide instal...
