

Mauritius Electrical Distribution Box Explosion-proof Testing Agency

Article Overview

SGS Mauritius provides explosion-proof testing and certification services for electrical equipment, including distribution boxes, ensuring compliance with ATEX, IECEx, and other international standards.

Certification and Testing Agencies

SGS Mauritius offers comprehensive explosion-proof certification services for equipment intended for use in hazardous atmospheres. Their services include third-party conformity assessments and access to certification schemes such as ATEX, IECEx, TR CU (EAC), MSHA, and USTC. This ensures that electrical distribution boxes and other equipment meet international safety standards for explosive environments, allowing them to be traded globally and installed in hazardous areas safely .

Local Suppliers of Electrical Distribution Boxes

For physical distribution boxes in Mauritius, several suppliers provide high-quality enclosures suitable for residential, commercial, and industrial applications:

- Electrical.mu offers a wide range of distribution boxes and enclosures, including Legrand Practibox S, Hager Surface Mounting Enclosures, and Plexo³ weatherproof cabinets. These enclosures are designed for durability, safety, and compliance with IEC standards, and some models are suitable for industrial environments .
- CMH Mauritius provides a complete range of electrical solutions, including distribu...
