

Model of explosion-proof electrical distribution box for industrial use in Latvia

Article Overview

Models such as ROSE Ex Aluminium, BARTEC EJB series, MAM Ex Distribution Systems, Supermec EJB/CSD series, and HARDO Ex terminal boxes are suitable for industrial explosion-proof applications in Latvia.

Recommended Models and Manufacturers

1. ROSE Systemtechnik Ex Enclosures ROSE offers a range of explosion-proof enclosures including aluminum, stainless steel, and polyester housings. Their Ex Aluminium enclosures are available as ATEX-certified or intrinsically safe (Ex i) variants, suitable for zones with increased safety requirements and extreme temperature ranges. These enclosures can be pre-assembled with Ex-certified terminal blocks, cable glands, and accessories, or supplied empty for custom configuration . 2. BARTEC EJB Series The EJB or BARTEC B series flameproof enclosures are designed for industrial plants in zones 1, 2, 21, and 22. They can house standard industrial components such as fuses, transformers, circuit breakers, relays, and PLCs, and can be fully integrated as control or distribution panels in hazardous areas. These enclosures are globally certified for industrial applications . 3. MAM Ex Electrical Equipment MAM provides custom-engineered explosion-proof distribution systems and Ex control panels for hazardous industrial environments. Their products are ATEX and IECEx certified, suitable for oil & gas, petrochemical, offshore, mining, and pharmaceutical industries. MAM enclosures incorporate intrin...
