

Nepal Fiber Optic Terminal Box 4-core

Article Overview

A 4-core fiber optic terminal box in Nepal is designed for FTTH/FTTx networks, offering secure fiber termination, splicing, and distribution with indoor and outdoor installation options.

Key Features

- **Capacity and Compatibility:** Supports up to 4 fiber connections, compatible with SC, LC, FC, ST, and PLC adapters depending on the model, allowing flexible network deployment .
- **Material and Durability:** Constructed from high-quality materials such as PC+ABS or metal with black epoxy coating, providing waterproof, dust-proof, anti-aging, and corrosion-resistant protection. Some models meet IP65 protection standards, suitable for both indoor and outdoor use .
- **Design and Installation:** Options include wall-mounted, pole-mounted, or 35mm guide rail installation. The boxes feature clamping for feeder and drop cables, cable management paths, and removable covers for easy maintenance .
- **Fiber Management:** Includes internal splicing trays, pigtail holders, and distribution panels that can be flipped up for convenient access. Supports one-in-one-out or multiple fiber feed configurations .
- **Additional Components:** Some packages include a 1-to-4 SC/APC steel tube PLC splitter and adapters, enabling immediate network deployment without additional purchases .
