

New Zealand Custom Trapezoidal Cable Management System Manufacturer

Article Overview

MSS (Mechanical Support Systems) is a leading New Zealand manufacturer specializing in custom cable containment systems, including trapezoidal cable trays, ladders, and baskets.

MSS – Mechanical Support Systems

MSS designs, manufactures, and installs complete cable containment systems across New Zealand, offering customized solutions for complex sites. Their products include trays, ladders, baskets, and framing, all locally manufactured using trusted New Zealand steel suppliers, ensuring high quality, durability, and fast turnaround times. MSS provides bespoke fabrication, allowing for tailored trapezoidal cable management systems to meet specific project requirements. They also offer seismic-compliant designs, fireproof systems tested to AS/NZS 3013:2005, and NZS 4219 compliant bracing, making them suitable for critical infrastructure projects (MSS) .

Interserv

Interserv has over two decades of experience in New Zealand, providing custom trunking and cable management solutions for commercial, retail, and institutional projects. Their products, made from powder-coated or anodized aluminium, can be tailored to unique site requirements, including bespoke fabrication for non-standard installations. While they focus on trunking systems, their expertise in customized cable routing and containment makes them a viable option for specialized cable ma...
