

North Asia Outdoor Cable Tray Prices

Article Overview

Outdoor cable tray prices in North Asia typically range from \$2 to \$25 per meter, depending on material, type, and finish.

Price Ranges and Materials

The cost of outdoor cable trays varies significantly based on material and surface treatment. Common options include:

- Galvanized steel: Most common, balancing durability and cost. Prices start around \$2-\$10 per meter for standard trays .
- Stainless steel: Offers superior corrosion resistance, suitable for harsh outdoor environments, generally priced higher at \$10-\$25 per meter .
- Aluminum: Lightweight and rust-proof, moderately expensive, often used where weight reduction is critical .
- Plastic trays: Budget-friendly but limited to light-duty applications .

Surface treatments also affect pricing: hot-dip galvanization (HDG) provides long-term corrosion protection but costs more upfront, while powder coating offers color options and wear resistance . Pre-galvanized trays are cheaper but less durable outdoors .

Types and Design Considerations

- Ladder trays: Stronger, suitable for heavy cables, slightly higher cost .
- Perforated trays: Reduce weight and material cost, can save 15% or more compar...
