

North Korean dustproof and explosion-proof distribution box manufacturer

Article Overview

There are no publicly verified North Korean manufacturers of dustproof and explosion-proof distribution boxes; however, several companies in China and South Korea produce high-quality, certified enclosures suitable for hazardous environments.

Notable Manufacturers

1. MINMILE Intelligent Technology (China) MINMILE specializes in explosion-proof and dustproof electrical equipment, including distribution boxes, lighting, and dust-handling systems. Their products are designed for environments with combustible dust, flammable gases, and high-risk industrial settings. The enclosures feature 304 stainless steel shells, excellent sealing, and surface temperatures below the minimum ignition point of dust, making them suitable for food, chemical, and military applications. MINMILE products comply with ATEX and other international safety standards . 2. Shenhai Explosion-Proof Technology Co., Ltd. (China) Shenhai manufactures a wide range of explosion-proof and dustproof electrical enclosures, including junction boxes, lights, and pipe fittings. Their products are certified under ATEX and IECEx standards and are widely used in the petroleum, chemical, and mining industries. Shenhai emphasizes waterproof, dustproof, and anti-corrosion performance, with over 25 years of experience in hazardous environment solutions . 3. KNTECH (China) KNTECH produces explosion-proof junction boxes made from aluminum alloy, suitable for chemical, oil, gas, and combustible dust environments. Their boxes are designed for Zone 1 and Zone 2 hazardous locations and can be customized to meet specific user requirements. Features include removable mounti...
