

Norwegian cable tray models

Article Overview

Norwegian cable trays are available in a wide range of models, including Øglænd System's SPB series and Nordic Wire Tray's X-Tray, offering customizable solutions for industrial, offshore, and commercial applications.

Øglænd System Cable Trays

Øglænd System offers a variety of cable tray systems suitable for both offshore and onshore projects. Their trays are made from stainless steel, galvanized steel, aluminum, and fiberglass (FRP/GRP), providing durability in harsh environments . Key models include:

- **SPB Series:** Designed for light electrical installations and tubing, available in side heights of 20mm, 40mm, 40mm, and 60mm. Variants include SPB-RF with return flanges to protect cables and SPBE for tubing applications .
- **Cable Ladders:** For heavier cable support, offering different heights and widths to accommodate various load requirements.
- **Accessories:** Brackets, fittings, and specialized clamps (ETIN and INKO) allow flexible and secure installation . These trays feature slot patterns for efficient positioning of equipment and easy access for cable ties and tubing clamps, ensuring safe and organized cable management .

Nordic Wire Tray (X-Tray)

Nordic Wire Tray provides the X-Tray system, a premium cable tray solution designed for fast installation, high load capacity, and adaptability . Features include:...
