

Optical Cable Manufacturers in West Africa

Article Overview

Key cable and optical cable manufacturers in West Africa include Coleman Wires and Cables, NiaFiber, and Tropical Cable & Conductor Ltd, all offering power and fiber optic solutions.

Coleman Wires and Cables (Nigeria)

Coleman Wires and Cables is Sub-Saharan Africa's largest cable manufacturer, headquartered in Ogun State, Nigeria. The company produces a wide range of electrical and communication cables, including power, control, and fiber optic cables. Coleman commissioned the largest cable manufacturing factory in West Africa and the first fiber optic cable plant in the region, with an annual capacity of 8,000 metric tons of copper and 4,000 metric tons of aluminum . Their products serve residential, commercial, and industrial applications, and the company has been involved in major infrastructure projects across Nigeria and the continent .

NiaFiber (West Africa)

NiaFiber specializes in fiber optic cables and related accessories, providing solutions for broadband and telecom networks. Their product range includes duct fiber cables, ADSS cables, air-blown micro cables, FTTH indoor and outdoor cables, and glass yarn armored cables. These cables are designed for durability, high-capacity data transmission, and installation in harsh environments, supporting both aerial and underground deployments . NiaFiber leverages advanced telecommunication techn...
