

# Optical junction box with figure-eight gray color

## Overview

The optical distribution box features 2 cable inlet ports and 12 cable outlet ports, supporting 12 adapters and up to one 1×8 mini PLC splitter for efficient optical signal distribution, while also allowing up to 20-core fiber splicing. Pepperl+Fuchs offers a comprehensive range of terminal boxes and junction boxes in types of protection Ex e (increased safety), Ex ia (intrinsic safety), Ex tb (dust protection by enclosure), and Ex op pr (protected optical radiation). They are certified in accordance with international explosion. The InLine® FTTH empty box is a space-saving and robust surface-mounted solution for professional fiber optic installations in home networks, office buildings and other demanding environments. CAHORS offers complete solutions for FTTH distribution in residential. 8 Port Fiber Optical Terminal Junction Box, Compact Size No Burr Pigtail Termination Box SC Optical Fiber Termination Distribution Box with 8 SC Coupler Adapters Fiber optic terminal box is to provide the connection of optical fiber and optical fiber, the connection of optical fiber to pigtail and.
