

Price list for fiber-to-the-home bundled optical cables

Article Overview

FTTH bundled optical cables typically range from \$0.09 to \$6 per foot depending on fiber type, strand count, jacket, and pre-termination options.

Typical Cable Pricing

- Single-mode fiber (SMF): \$0.10-\$0.50 per foot for standard cable; ideal for long-distance FTTH connections .
- Multimode fiber (OM3/OM4): \$0.30-\$1.00 per foot; commonly used for shorter runs or data center applications .
- High-count cables: 12-24 strands cost \$0.50-\$1.00 per foot; 288-strand backbone cables can reach \$6 per foot .
- Pre-terminated or factory-assembled bundles: Higher cost due to connectors and testing; prices vary by connector type and fiber count .

Bundled Cable Options

Suppliers offer bundled fiber optic cables that combine multiple fibers in a single jacket for easier installation and reduced labor:

- Customizable lengths and connectors: Bundles can be tailored for indoor, outdoor, or direct-burial applications .
- Armored or protective jackets: Outdoor or harsh-environment bundles may add 20-50% to the base cable cost
