

Price of Wall-Mounted Fiber Optic Cable Junction Box

Article Overview

Wall-mounted fiber optic junction boxes typically range from \$15 to \$150 or more, depending on size, port capacity, and features.

Price Overview

- Small indoor FTTH boxes for home or small office use generally cost \$15–\$40. These are mini wall-mounted boxes suitable for connecting a single fiber drop to an ONU or router, often with 1–6 ports and basic ABS/PC construction .
- Medium to large wall-mounted boxes with 12–24 ports, designed for direct fiber termination and fusion splicing, are priced around \$50–\$120. These include separate sections for splice trays and cable routing, with grommets to protect against dust and debris .
- Premium or industrial-grade enclosures, including waterproof IP65-rated boxes for outdoor or harsh environments, can cost \$100–\$150+. Brands like CommScope offer a range of sizes and configurations, including small, medium, and standard wall-mount enclosures suitable for FTTX deployments .

Factors Affecting Price

- Port Capacity: More ports increase the cost due to additional splice trays and connectors.
- Material and Durability: ABS/PC plastic is common for indoor use, while IP65-rated boxes provide waterproofing for outdoor installations.
- Brand and Certification: Established brands like CommScope or Premium Line ma...
