

Price of busbar cable trays in West Africa

Article Overview

Busbar cable tray prices in West Africa vary widely depending on type, material, and supplier, typically ranging from \$20 to \$150 per meter for standard industrial trays.

Factors Affecting Price

- **Type of Cable Tray:** Ladder, wire mesh, perforated, and solid-bottom trays have different costs. Ladder and wire mesh trays are generally more affordable, while solid or enclosed trays for busbars are more expensive due to higher material use and fabrication complexity .
- **Material and Finish:** Common finishes include hot-dip galvanized, pre-galvanized, powder-coated, and stainless steel (SS 202/304/316). Stainless steel and powder-coated trays are more costly due to corrosion resistance and durability .
- **Dimensions and Load Capacity:** Wider trays or those designed to carry heavier busbars increase material and manufacturing costs.
- **Accessories:** Bends, elbows, tees, reducers, and junction boxes add to the overall system cost .
- **Supplier and Location:** Prices vary between local distributors and imported products. African manufacturers like Hutaib Electrical supply across the continent, offering competitive pricing and customization .

Typical Price Range

- Wire mesh or perforated trays: \$20-\$50 per meter
 - Ladder-type trays for busbars: \$40-\$100 per meter
 - Enclosed or heavy-duty busbar trays: \$80-\$150 per meter
- These prices are indicative and can fluctuate based on currency exchange rates, shipping costs, and...
