

Price of cable tray hoisting and fixing brackets

Article Overview

Cable tray hoisting and support brackets typically range from £5 to £25 per unit, depending on size, type, and material.

Overview of Bracket Types and Pricing

Stand-Off Brackets: Used to mount cable trays with a specific clearance from walls or surfaces. Sizes range from 50mm to 300mm. Prices generally start around £5–£10 per bracket for standard pre-galvanized steel models and can increase for hot-dipped galvanized or stainless steel versions . **G Hanger Overhead Support Brackets:** Designed for overhead support of cable trays, trunking, or baskets. Common sizes include 100mm and 150mm, with prices typically £8–£15 per bracket depending on material and finish . **Trapeze Support Brackets:** Pre-assembled for quick installation, supporting various tray widths and drop lengths. Prices usually range from £15–£25 per bracket, reflecting their larger size and pre-assembly convenience . **Material Considerations:**

- Pre-galvanized steel (PG): Economical and suitable for indoor use.
- Hot-dipped galvanized steel (HDG): Offers superior corrosion resistance, ideal for outdoor or industrial environments.
- Stainless steel (A316/A4): Premium option for highly corrosive environments, typically at the higher end of the price range .
