

Price of circuit breaker device for distribution box

Article Overview

Circuit breaker boxes typically cost between \$500 and \$4,000, depending on amperage, brand, and features.

The cost of a new circuit breaker box varies widely based on amperage requirements, number of circuits, brand, and additional features such as AFCI/GFCI protection, surge protection, or smart monitoring capabilities . Standard residential panels often start around \$500 to \$1,000, while higher-capacity or commercial-grade panels can reach \$2,000 to \$4,000 . Individual circuit breakers for replacement or expansion usually range from \$10 to \$50 each, depending on type and amperage .

Factors Affecting Price

- Amperage: Common residential panels are 100–200 amps; higher amperage panels cost more .
- Brand: Trusted brands like Siemens, Square D, Eaton, and Leviton may carry premium pricing but offer reliability and code compliance .
- Features: Modern panels may include AFCI/GFCI protection, surge protection, or smart home integration, which increases cost .
- Installation: Professional installation is recommended for safety and code compliance, adding \$200–\$1,000 depending on complexity and local labor rates .
