

Price of electrical distribution boxes for construction sites in Guatemala

Article Overview

Electrical distribution boxes for construction sites in Guatemala typically range from \$50 to \$500 USD, depending on size, material, and features.

Overview

Electrical distribution boxes, also known as power distribution or construction site enclosures, are essential for safely distributing electricity on construction sites. Prices vary based on material (metallic, thermoplastic, fiberglass), amperage capacity, number of outlets, and IP/IK protection ratings .

Local Suppliers in Guatemala

- Cemaco Guatemala offers a variety of distribution boxes suitable for construction and industrial use, with options for home delivery or in-store pickup .
- Ferretería EPA provides metallic electrical boxes for construction projects, with expert advice and a wide catalog .
- Esinsa supplies industrial distribution panels like the NQ Square-D series with copper busbars, which can be quoted online .

Price Estimates

- Small portable boxes (single-phase, basic outlets, thermoplastic or light metal): \$50-\$150 USD....
