

Price of galvanized cable trays in Vanuatu

Article Overview

Galvanized cable trays in Vanuatu typically cost between \$10 and \$30 per meter, depending on material, type, and supplier.

Price Range and Factors

The cost of galvanized cable trays in Vanuatu varies based on several factors:

- **Material and Coating:** Galvanized steel is the most common choice, balancing durability and price. Hot-dip galvanized (HDG) trays are more expensive but last longer in outdoor or corrosive environments, while pre-galvanized trays are cheaper but less durable .
- **Tray Type:** Ladder trays, which support heavier cables, are generally more expensive than perforated or wire mesh trays. Wire mesh trays are lighter and more affordable .
- **Size and Customization:** Larger trays or custom dimensions increase the price per meter. Bulk orders can reduce the unit cost .
- **Shipping and Labor:** Importing trays to Vanuatu may add shipping costs, and installation labor can vary depending on local rates .

Estimated Costs

- Standard galvanized steel trays: \$10-\$30 per meter .
- Aluminum trays: \$20-\$50 per meter, generally less common in Vanuatu
