

Recommended Flame-Retardant Cable Tray Manufacturers

Article Overview

Top recommended manufacturers for flame-retardant cable trays include NewReach, Basor Electric, Meka Pro, and Flamro, all offering fire-tested, high-quality solutions for critical electrical installations.

NewReach

NewReach specializes in fire-rated cable trays designed to withstand high temperatures and prevent flame propagation. Their products are available in powder-coated aluminum, galvanized steel, and fiberglass with intumescent coatings, ensuring durability and fire resistance. NewReach trays are tested to meet ISO 834-1, EN 1363-1, DIN 4102-12, and AS/NZS 3013:2005, offering a 2-hour fire rating at up to 1050°C. They are suitable for indoor and outdoor use, support heavy loads, and maintain electrical functionality during fire emergencies .

Basor Electric

Basor Electric provides cable trays rigorously tested for fire resistance, focusing on maintaining the functionality of critical systems such as emergency lighting, smoke extractors, and fire alarms during fire events. Their products comply with European and local fire safety standards, ensuring circuit integrity under extreme conditions. Basor Electric emphasizes selecting the ideal cable management system based on the required duration of functionality during a fire
