

Standard distribution box dimensions manufacturer

Article Overview

Standard distribution boxes are available in multiple sizes and configurations from manufacturers like RITTAL, BOPLA, ROSE, Wieland, JUNON, and Linkwell, with options for residential, commercial, and industrial applications.

Common Sizes and Configurations

Distribution boxes come in a variety of standard sizes to accommodate different numbers of circuits or devices:

- Single-gang boxes: Designed for one device or circuit, commonly used in residential installations .
- Double-gang and multi-gang boxes: Accommodate two or more devices, suitable for larger residential or commercial setups .
- Modular enclosures: Often used in industrial or telecom applications, these can range from small wall-mounted units to large rack-mounted systems like the OMP 19" 3U Q-Fiber chassis .
- Way-based sizing: Some manufacturers specify boxes by the number of ways (1-way to 36-ways), which indicates the number of circuit slots available .

Materials and Protection Ratings

- Materials: ABS, polycarbonate, and aluminum are common, offering impact resistance and durability
