

The electrical distribution box is obstructing the view of the Chinese-style room

Article Overview

You can hide the distribution box using decorative screens, artwork, or furniture while ensuring safe access and compliance with electrical regulations.

Decorative Screens and Partitions

Using a movable screen or folding partition is an effective way to conceal the box without permanently altering the room. Traditional Chinese-style folding screens with intricate patterns or painted motifs can complement the room's aesthetic while allowing easy repositioning for maintenance .

Artwork and Murals

Placing a painting, mural, or framed artwork over the distribution box can seamlessly integrate it into the room's decor. Choose a piece that reflects Chinese artistic elements, such as calligraphy, landscapes, or traditional motifs. Ensure the cover is easily removable to access the box quickly in case of electrical issues .

Furniture Placement

Strategically positioning furniture like cabinets, bookshelves, or decorative cabinets in front of the box can hide it while adding functional storage. Make sure the furnitu...
