

What are some manufacturers of skeleton optical cables

Article Overview

Leading manufacturers of skeleton-type optical cables include Prysmian, Corning, AFL, OFS, and Superior Essex, all of which offer specialized fiber optic solutions suitable for lightweight or partially reinforced cable designs.

Key Manufacturers

1. Prysmian Group Headquartered in Italy, Prysmian is a global leader in fiber optic and energy solutions. They produce a wide range of optical cables, including lightweight and high-tensile designs suitable for skeleton-type applications. Their products are used in submarine networks, 5G infrastructure, and long-haul telecommunications, emphasizing durability and low attenuation (0.2 dB/km) for high-performance networks . 2. Corning Incorporated An American pioneer in optical fiber technology, Corning manufactures high-purity glass fibers and bend-insensitive cables. Their portfolio includes loose-tube and tight-buffered designs, which can be adapted for skeleton-type cable requirements. Corning supports both indoor and outdoor deployments, including data centers and FTTx networks . 3. AFL Based in South Carolina, AFL specializes in fiber optic cables, connectors, and assemblies. Their product line includes lightweight and flexible cable solutions suitable for industrial and telecommunications applications, making them a strong candidate for skeleton-type cable sourcing . 4. OFS Optics A subsidiary of Furukawa Electric, OFS manufactures advanced fiber optic cables for telecommunications, medical imaging, and defense. Their focus on research and development enables the production of specialized cable types, including lightweight and partially reinforced designs comp...
