

Where are the fiber optic cable channels manufactured

Article Overview

Fiber optic cables are manufactured globally, with major production facilities in the United States, China, Europe, Japan, and other regions by leading companies like Corning, Prysmian, Sumitomo, and AFL.

Major Manufacturers and Their Locations

- Corning Incorporated: Headquartered in the U.S., Corning produces high-purity optical fibers and cables in facilities located in the United States, China, and Europe, supporting telecom, data center, and 5G infrastructure projects .
- Prysmian Group: Based in Italy, Prysmian operates over 100 manufacturing plants worldwide, including Europe, North America, South America, and Asia, producing submarine, fire-resistant, and bend-optimized fiber cables .
- Sumitomo Electric: Founded in Japan, Sumitomo manufactures advanced fiber optic cables for telecommunications and automotive sectors, with production facilities in Japan and other Asian countries .
- AFL (Advanced Fiber Logistics): Headquartered in South Carolina, USA, AFL has manufacturing plants in the United States, Mexico, the United Kingdom, and Germany, producing fiber optic cables, connectors, and related equipment .
- OFS Optics (Furukawa Electric subsidiary): Operates U.S.-based facilities, focusing on high-performance fiber optic technologies for telecom, medical, and defense applications .
- Superior Essex Communications: Manufactures fiber optic cables in the U.S., complying with domestic supply requirements for government and broadband proje...
