

Where to buy best-selling DWDM modules

Article Overview

You can purchase best-selling DWDM modules directly from certified manufacturers and wholesale suppliers offering MUX/DEMUX units, OADM, and transceivers with factory-direct pricing and technical support.

Recommended Sources

- Accio DWDM Suppliers Accio lists top global DWDM equipment manufacturers offering modules with various channel counts (4-96 channels) and frequency grids (50 GHz, 100 GHz, 200 GHz). They provide MUX/DEMUX modules, OADM, and ROADMs suitable for metro, long-haul, and data center networks. You can compare prices and connect directly with suppliers for custom solutions and high-density optical networks .
- PHXFiber PHXFiber offers DWDM modules with high stability and reliability, covering C-band (1525-1565 nm) and L-band (1570-1610 nm). Their products comply with GR-1221, GR-1209, and RoHS standards. They provide competitive pricing and support for network expansion, including multiplexing multiple wavelengths over a single fiber .
- OEMarket OEMarket provides high-performance DWDM MUX/DEMUX modules based on silica-on-silicon planar technology. They offer single-channel add/drop devices and multi-channel solutions compatible with ITU grids. This platform is suitable for both DWDM and CWDM applications, with filter-based modules for flexible network integration .
- ME Fiber Optic ME Fiber Optic supplies DWDM modules for data center interconnects, metro, and long-haul networks. They offer factory-direct pricing, ISO 9001 manufacturing, and Telcordia GR-1221/GR-1209 compliance. Services include custom wavelength mapping, channel assignments, OEM logo printing, and rack int...
